# ANNUAL REPORT

of the

# **BOARD of SELECTMEN**

for the year ending December 31,1995

To the Citizens of Merrimac:

We are pleased to report that 1995 has been another year of stability and progress for the Town of Merrimac. The latest school building projects have been completed and are now fully bonded. Work on the closure of our landfill is well under way with a substantial savings to the tax payers. For a second year, we have a healthy amount of "free cash" and the Stabilization Account is now well funded. Long range planning has commenced in the areas of capital expenditures, open space and recreational needs, as well as the improvement of our zoning by-laws.

The town has come a far distance from five years ago when some department budgets were cut by 5 to 50%, one police officer's position was eliminated as well as one worker on the highway department, and it took three sessions of town meeting to balance the budget. It should be acknowledged that our present healthy financial status has been aided by the full regionalization of the Pentucket school district and the passage of the Education Reform Act.

While the overall standing of the town improved in 1995, personal tragedy visited our small community with the sudden and tragic death of our beloved Fire Chief Wallace Spencer. Words cannot adequately express the grief and sorrow caused by his passing. Wally's affable nature and smiling good humor endeared him to all who knew him. He is sadly missed by his family, friends, fellow firefighters, and the community at large. It is, therefore, with pride and pleasure that we dedicate this edition of Merrimac's annual town report in grateful memory of Chief "Wally" Spencer.

Reorganization of the leadership in the Fire Department was necessitated by the untimely death of Chief Spencer. Norman W. Armstrong was appointed by the Board of Selectmen as the third Deputy Chief and Brian W. Peavey, Sr., was selected as the new Chief. Town meeting voted to give the full-time Fire Department position to Ralph Spencer because his work arrangement left him more available and, as a certified EMT, he could respond to ambulance calls during the day.

At the special town meeting, convened before the annual, voters honored the agreement made the year before regarding employee salaries. They granted the additional 2% retroactive pay increase (because the money was now available) thereby making a total 5% increase for town employees for FY 95. Also voted at this time was an additional 1.235 million dollars for completion of certain construction projects at the Pentucket Regional School complex. At the annual town meeting, public safety motivated decisions to hire a fourth full-time police officer and to set aside \$100,000 dollars in the Stabilization Account for correcting problems with our fire department ladder truck. The fire department has worked hard on this problem and should have a solution at the next special or annual town meeting.

After the annual elections, in May, the Board of Selectman reorganized with Jeffrey W. Hoyt as Chairman and Sandra H. Venner as Clerk. Each selectman has also taken on special assignments. Selectperson Venner continues to serve on the Rent Control Board and the Pentucket Regional Agreement Task Force. She has also volunteered to serve as the Selectman-delegate on the newly formed Capital Planning Committee and has played a dynamic role in creating and organizing an Open Space policy committee. Selectman Steeves is our ADA coordinator, has served on the Pentucket Middle School Council and is presently the Vice President of the Essex County Selectmen's Association. Selectman Hoyt serves as the town's voting delegate to the Essex County Advisory Board and is an original member of a sub-committee on Regional Services. He has chaired an *ad hoc* committee to revise and up-date our zoning by-laws and also serves on the Open Space committee.

The status of the town's unlined landfill on Battis Road is an important matter that the Board of Selectmen continue to address. The town was required by the Department of Environmental Protection to sign a consent order to close the landfill in 1997 as a condition of being allowed to receive Front End Process Residue (FEPR) from the trash to energy plant at Biddeford, Maine. The benefits of receiving the FEPR are two-fold: it provides contour and grade material to shape the landfill for capping and generates substantial revenue for closure (\$300,000 by the end of the 1996 fiscal year). The credit for this unique opportunity for the Town of Merrimac rests with Arthur Schofield, Inc., our landfill operator.

Once closed, the landfill will need to be capped. The town applied for and has been accepted to receive clay for capping from Boston's Central Artery

project. With Merrimac being so far from Boston, however, no contractor has taken a state bid to deliver this material anywhere within our area. The clay and delivery would be free. The prospects of this happening seem dubious at this time but the Board of Selectmen shall closely examine any possibilities.

The Schofields have done an excellent job of preliminary site preparation for closure. They have graded and seeded the east slope of the borrow area; properly shaped the drainage swales; saved, screened, and stockpiled yards of loam; and installed a roadbed on the north side for an access road.

When the landfill closes, the town will have to make alternative arrangements for the disposal of its solid waste. Several solutions are possible. A commercial service would likely cost an additional \$300,000 to \$500,000 dollars for door to door collection. The Selectmen are working on a less costly plan to secure a parcel of land near the Broad Street exit off Route 495 and locate a small transfer station with improved accommodations for recycling. Public input will be sought before a decision is made.

The recycling program deserves special mention. Overall program management has been supervised by a dedicated seven member volunteer committee chaired by Patty Dillon. Linda Williams has been hired to be the supervisor for scheduling the monitors, authorizing pay rolls, and arranging vendor services. The dramatic increase in the volume of materials recycled during the past three years is remarkable (see the committee report). It is impressive that our small town collects a larger variety of materials, especially plastics, than communities of much larger size. Recycling is not only good for the environment but it saves the tax payer money in two ways— from the sale of goods and the reduced cost of disposal at our landfill. We also applaud the efforts of our citizens for their growing participation.

A word or two should be said about the delay in setting the FY96 tax rate. J. Roger Morphett, our conscientious and capable new Treasurer entered office with a mountain of projects before him. Beyond the staggering task of learning all the details and intricacies of the Treasurer's routine duties, the computer systems, and the requirements of the law— he also faced a major bonding project for the school construction projects. He spent extra time in a noble effort to improve our bond rating with Moody's. Meanwhile, reconciliation of cash flow with the town accountant was a slow and pains taking process. This delay is what caused the tax rate to be set later that

usual, however, with no increased cost to the town. This also explains why the third quarter tax bill will be issued as a "voluntary" payment and we thank you for your cooperation.

A larger increase that expected in the tax rate will be caused by the lateness of completing the last of the school building projects and the subsequent delay in completing the final audit. With the audit not having been completed by November 1, 1995, the state will be delaying some of the construction reimbursement. This delay means that state funds will not cushion the increase in the tax rate resulting from the vote of the town to cover the cost of the school building project through debt exclusion. The full amount of reimbursement will come in next year.

The fifteen year contract with New England Cablevision will expire in December of 1997. A cable television Advisory Committee has been appointed by the Board of Selectmen to start negotiations for a new contract. The current members are Jack Cryan, Paul Warden, Dorothy Patten, Geraldine Wallace, Rocco Fosillo, and Ellen Colburn (representing the elementary schools). More positions are available and any citizen wishing to join should apply to the Selectmen.

After receiving a special permit from the Zoning Board of Appeals, a lease was signed with Nextel Communications of Newton, MA, to erect a 135 foot monopole on Tucker Hill, beside the water stand pipe, for wire-less telephone communications. The structure was completed in July. In addition to the added revenue to the town is the benefit of having a chain link fence placed around the water tower.

Late in the year, residents of River Road petitioned to have the town sewer line extended to their area. The Board of Health, Sewer Commissioners, and Board of Selectmen are working in concert to arrive at a solution.

Three major projects have been undertaken to enhance our long range planning. Foremost among these is the creation of an Open Space and Recreation master plan. The need for such a plan was highlighted when several parcels of land on Locust Street and River Road were offered to the town for first refusal under the provisions of Chapter 61A (agricultural preservation). In order for the town to qualify for state grants and most other land trust monies, we had to have in place an up to date five year plan for Open Space and Recreation. Selectperson Venner has been the spearhead in organizing this project. There has been wonderful cooperation and

involvement from the Planning Board, Conservation Commission, Playground Commission, Historical Commission, Finance Committee and any number of enthusiastic volunteers. A town-wide survey has been distributed and tabulated. A thorough report is being compiled regarding every aspect of the town's environmental and recreational status. A public hearing is scheduled for February of 1996 and in the spring work will culminate in shaping the five year plan.

The second proactive project involves the creation of a Capital Planning Committee. Their charge is to look at and prioritize the capital needs of all town departments for the next five years. The present membership includes one Selectman, the chairman of the Finance Committee, the Town Treasurer, and several citizens at large. For the first year the elected chairman is Jim Dykes. The committee hopes to be ready to make recommendations for the 1996 annual town meeting. They have also constructed language for amending our town by-laws to make the committee permanent and on going.

The third matter involves the weaknesses in our current zoning by-laws. After years of criticism, and *ad hoc* committee was created by the Selectmen to examine the by-laws and suggest a course of action. The committee has been chaired by Selectman Hoyt and the original members included the Chairman of the Planning Board, the former Chairman of the Zoning Board of Appeals, the Building Inspector, and any interested citizens. The meetings have been open to the public. After much discussion, it was decided that a major revision of our zoning by-laws and the zoning map is in order. Such a project will require funding from the town, Planning Board leadership, and Merrimack Valley Planning Commission assistance. For now, though, it was thought best to act fast and make the most important changes or additions to give the town immediate protection where the present by-laws are inadequate and let the more comprehensive work come later.

In the "thank you" department there are at least two groups deserving special mention. The Highway Department, under the direction of Superintendent Gordon Rines, deserves another pat on the back for keeping our roads clear and very well plowed this winter. So, too, the Finance Committee has devoted many hours to keep on top our complex budget and provide fiscal guidance.

We also wish to recognize several groups that are outside town government but continually make valuable contributions to the community. The major fund raising musical for the Santa Parade "Steppin' Out" was their 26th annual production and played, as usual, to a capacity crowd. The Santa Parade itself was also another well organized and colorful annual event. We thank all of those involved for their hard work and excellent community spirit.

The "Old Home Days" events were again diverse and well attended. A special word of thanks goes to Jim Hume for his tireless devotion to this worthwhile project and all those individuals and organizations who contributed.

Last, we want to acknowledge the good job being done by all elected and appointed town officials. The civic duty you perform for the town of Merrimac is greatly appreciated.

Respectfully submitted,

Jeffrey W. Hoyt, *Chairman*Sandra H. Venner
Walter W. Steeves

# Annual Report of the Merrimac Housing Authority

To the Honorable Board of Selectmen,

The Merrimac Housing Authority served the town during 1995 with 3 separate housing programs. Each program assists a different population in need of decent, safe, and sanitary housing. Currently, we serve elderly, handicapped and low income families through both public housing developments, and leased housing programs.

1995 was another year of change and improvement for the Authority. housing Modernization grant awarded in November of 1994 in the amount of \$116,000 was increased to assist us with roof replacement of Merri-Village, as well as repair work and deleading work at 4 of our family housing units. The work is currently in the design phase, and is expected to take place in the summer of 1996. The MHA, in conjunction with the Amesbury Housing Authority, installed a new phone system which includes voice mail. This system allows the general public and our residents to be more quickly connected to the person or department they have inquiries on. During 1995 the MHA experienced a complete turnover in its administrative staff. The Authority was also forced, (due to budgetary reductions at the state level) to hold its budget at 1994 levels. However, the MHA has also made great progress in building up its operating reserve account, and is now considered to be on very solid ground in that area. The Authority also was audited by an independent CPA firm for the period July 1, 1994 through June 30, 1995, and was found to have no significant problems with its administrative and financial operations.

During the past calendar year the authority had 12 vacancies all at Merri-Village. All were filled with applicants from our state waiting list, which is still fairly short when compared to other agencies in the area. As part of a new regulation signed by Governor Weld in November 1995, and supported by the Merrimac Housing Authority, senior citizens who are residents of Merrimac, can now get a Veterans' preference in Elderly Housing if eligible. We encourage local residents who may qualify to apply. Further, the new law now makes individuals who are age 60 eligible for elderly housing. Previously the age was set at age 62.

As a reminder the MHA continues to urge interested individuals to apply for elderly housing waiting list. The asset limits for elderly housing are as follows:

- 1 person \$25,000
- 2 or more persons \$30,000 or 1.5 times your net income, whichever is greater. You may now have up to these amounts in assets, and still qualify for housing. We encourage anyone who is 60 years of age or older, or handicapped, to apply for Merri Village. Please check with our office for other qualifying requirements.

In closing, we would like to thank the Board of Selectmen, the Board of Assessors, the Town Clerk and the Fire and Police Departments in the town of Merrimac for their assistance. Special thanks goes out to the Merrimac Housing Authority Board of Commissioners for their support and participation during the past year. Once again, the authority and its residents thank Mr. Bob Samoisette for his efforts in the maintenance department - and for keeping Merri Village looking great all year round.

Very Truly Yours,

Frank M. Petras, Executive Director

Term Expires: May 1998

## **Housing Authority Personnel**

Mr. Frank M. Petras Executive Director (part-time)

Certified PHM

employed: 8/17/92

Ms. Jeanne Koch Administrative Assistant (part-time)

Employed: 4/18/95

Ms. Brenda Perry Leased Housing Administrator (part-time)

employed: 7/17/93

Ms. Alice Granlund Tenant Selection Coordinator (part-time)

employed: 7/3/95

**Maintenance Department** 

Mr. Robert Samoisette Maintenance Mechanic (part-time)

employed: 11/1/91

**Housing Authority Developments** 

Family Housing: 705-1 Family Housing

Opened: 1983

Location: Lincoln & Green Streets

Number of Units: 4 units (3-3 bedrooms, 1-2 bedrooms

Elderly Housing: 667-1 Merri Village

Opened: 1972

Location: 52 Middle Street

Number of Units: 48 1-bedroom units

## **Leased Housing Department**

The Merrimac Housing Authority operates a leased housing program. As with all leased housing programs. The authority does not physically maintain these units, but does provide rent subsidy to income individuals and families who live in privately owned homes and buildings located throughout the town.

## 1. Section 8 Rental Subsidy Programs (inception August 1978)

These programs are federally funded by the Department of Housing & Urban Development.

Section 8 Certificates: 19, all mobile with the following breakdown of bedroom sizes:5-one bedrooms, 10-two bedrooms, 4-three bedrooms

# Qualifications & Income Limits for all Federal Housing Programs: (Effective 12/10/94)

All income qualification figures for Federal Programs are based on gross amounts:

Number of Person's	Maximum Allowable
Household	Income
1	\$17,450
2	\$19,950
3	\$22,450
4	\$24,950
5	\$26,950
6	\$28,950
7	\$30,950
8	\$32,950

# Qualifications & Income Limits for all State Housing Programs Effective 4/1/94:

Number of Person's	Maximum Allowable
Household	Income
1	\$21,672
2	\$24,768
3	\$27,864
4	\$30,960
5	\$32,895
6	\$34,830
7	\$36,765
8	\$38,700

To qualify for state low income housing in Merrimac, you must also have assets no more than \$25,000 for one person or \$30,000 for two or more people, or 1.5 times your net income, whichever is greater.

## **Rental Subsidy Programs-Fair Market Rents**

The following is a listing of the maximum allowable fair market rents. All figures include utilities.

Example: The housing authority will subsidize a family with a 2 bedroom certificate for an apartment that costs up to \$650.00. The family would then pay 30% of their income toward the total of the rental amount, and the housing authority would pay the balance. On the following page are the limits for each bedroom size.

## Section 8 Certificate Program Fair Market Rents: (Effective 10/1/95)

0 Bedroom: 429 1 Bedroom: 518 2 Bedroom: 650 3 Bedroom: 813

4 Bedroom: 1001

## **Rent Percentages & Utilities**

Residents in each housing development pay rent according to a specified percentage of their income:

#### 705-1 Lincoln & Green Streets:

All 4 units are gas heated. Residents pay 25% of their income for rent. Utilities are not included.

## 667-C1 Elderly Housing:

48 units, of which all are electrically heated. Residents pay 30% of their income for rent. Utilities are included.

## **Management Summary**

In all, the Merrimac Housing Authority is involved with managing 3 separate housing programs, which accounts for 71 units of low income housing. In addition, the Merrimac Authority Staff, also administer 8 separate housing programs and a total of 354 units of public housing, for the town of Amesbury.

The Merrimac Housing Authority Regular Meetings are now held the 3rd Wednesday of each month at 52 Merri Village at 4:00 pm. The Annual Meeting is held the 3rd Wednesday of June.

## **Annual Report of the Merrimac Fire Department**

This year has been an extremely busy and traumatic one for our Department. It began with the untimely death of our beloved Chief Wallace P. (Wally) Spencer. This was soon followed by the death of veteran firefighter Robert (Sleepy) Emery.

The Board of Selectmen appointed Norman Armstrong to the Board which organized as follows:

Chief Brian W. Peavey, Sr.
Deputy Chief Ralph W. Spencer
Deputy Chief Norman W. Armstrong

The ladder truck continues to be a major concern to the Board as we wrestle with a solution. The choices seem to be: repair the existing ladder, replace the existing ladder, buy a used ladder truck or buy a new ladder truck. We have traveled far and wide looking at used ladder trucks to no avail. We will have concrete proposals at the town meeting.

We are also hopeful that the Capital Needs Committee will provide assistance in replacing the badly rusted Engine 34 and replace the roof of our building which is leaking very badly.

Our new rescue truck should be in service soon and the firefighters will be fully geared in new protective clothing authorized at the last town meeting.

We owe a special thanks to the families of Chief Wallace P. (Wally) Spencer, Firefighter Robert N. Emery and Fred Johnson, grandfather of firefighter/EMT Scott Maker, for very generous donations toward the Clothing Fund. The generosity of their donations has allowed us to acquire all the necessary gear.

Since Deputy Spencer assumed the full-time position and Scott Maker has started a new business in Town, we have been able to man the ambulance during the day again. The Town of Amesbury graciously allowed us to rescind the daytime contract that we had with them. They also stand ready to provide us with coverage through our mutual aid agreement if the need arises.

As always we have the continued generous support of the Couplings, all the other Town departments and the various mutual aid departments with which we serve.

We, the Board of Fire Engineers, realize and hopefully the townspeople realize that this Department is manned by a very loyal and dedicated group of people who give many, many hours of service to this Town. We can never thank them enough for their efforts.

## 1995 Department Revenue:

Ambulance	\$26,727.48*
Inspection Fees	5,280.00

Total \$32,007.48

## Merrimac Fire Department Master Box List

Box Number	Facility	Address

## Annual Report of the Merrimac Arts/Cultural Council

The Merrimac Arts/Cultural Council is a volunteer organization whose purpose is to act as a local review panel for citizens who wish to apply to the Massachusetts Cultural Council for arts/humanities grants which are funded by the state lottery.

The Massachusetts Cultural Council, (MCC), whose budget is recommended by the Governor and finalized by the legislature, distributes a portion of its money annually to all State municipalities with a local cultural council in place based on a formula that includes population and equalized property value. The state funds are distributed solely to promote excellence, access, education and diversity in the arts, humanities and sciences.

Local applications for the sponsoring of appropriate projects are submitted to the Merrimac Arts/Cultural Council for an initial review and are then forwarded to the MCC for final review and approval.

In fiscal year 1995, the Arts/Cultural Council funded either totally, or in part, 10 projects for the benefit of Merrimac residents, distributing \$3,481 (the town's annual grant award). The projects included high school classroom visits by actors and directors from a local theatre group; an intergenerational harmonica concert at the Senior Center; public library passes to the New England Aquarium; high school students' field trip to a production of "Romeo and Juliet" in Newburyport; elementary students' field trip to the Tsongas Industrial History Center in Lowell; partial funding of the Merrimack Valley Philharmonic Society concert series; and elementary school program on the history of rockets and space flight; partial funding for two vocal and improvisational clinics for high school students and community members and two stroyteller programs for children and families at the public library.

#### Merrimac Arts Council Members 1995

Nick Fiorello	Second three-year term expires 1996
Ann Tucker	Second three-year term expires 1996
Nancy Hocking-McDonough	Second three-year term expires 1996
Colleen Ranshaw-Fiorello	Second three-year term expires 1996
Kathy Meuse	First three-year term expires 1996
Dorothy Patten	First three-year term expires 1996
Judy Flynn	First three-year term expires 1996
Nannette Becker	First three-year term expires 1996
Laura Linard	First three-year term expires 1996
Hanna Trautmann	First three-year term expires 1996

## **Annual Report of the Merrimac Police Department**

I wish to thank the citizens of the Town of Merrimac for their continued encouragement and support during 1995. I also wish to thank all the other Boards and Departments that assisted us this year and to thank the men and women of the Police Department for all their hard work and the dedication they have show in 1995 and in the past.

Respectfully Submitted, James A. Flynn, Jr. Chief of Police

#### REPORT OF THE CHIEF OF POLICE

To the Honorable Board of Selectmen and the Citizens of the Town of Merrimac, Massachusetts:

I hereby submit my annual report of the activities of the Police Department for the year 1995.

#### POLICE DEPARTMENT ACTIVITIES

# Annual Report of the Pentucket Regional School District Committee

In accordance with Chapter 71, Section 16K, the Pentucket Regional School District Committee submits its 40th annual report to the town:

Anthony Repucci, Chairman Sally Cookman, Secretary Edward Hardy III George Mavroides Rhonda Page Jean Tattan Terri Lunn, Vice Chairman Carol Grazio Annie Madden John Mortenson Christopher Sullivan Brian Young

During the 1994-1995 school year the Dr. Frederick N. Sweetsir and Helen R. Donaghue Schools have continued to provide new educational opportunities and quality programs at all grade levels.

Laudable efforts have been made by our School Council as reflected in our School Improvement Plan. The following strategic goals were developed from a community survey and are being implemented over a 5 year plan within our schools.

#### Strategic Goals Developed from Community Survey

- To incorporate technology in all areas of the curriculum
- To provide the optimum student ratio
- To provide programs that address the needs of a changing society
- To encourage parental and community involvement in our schools
- To strengthen the ability of students to become skillful and responsive communicators
- · To challenge each child to maximize his/her unique potential
- To recognize and respect the rights of ones self and others
- To promote an atmosphere that recognizes and respects individual rights
- To provide up to date supplies and equipment to support student learning
- To provide inservice professional training
- To insure a positive and safe environment conducive to learning
- To offer opportunities to enhance parent teacher communication

The 1994/1995 school year saw a focus on technology, student to teacher ratios, and providing programs to meet the needs of a changing society. Our schools have experienced an ongoing school growth, specifically in the primary grades and preschool population. The enrollment in June, 1995 was 648 in grades preschool through grade 6.

Many of our staff have been involved in curriculum task forces district wide, in the areas of language arts, writing, mathematics, social studies, and science. These district wide committees meet after school and are following closely the guidelines for curriculum and instruction as outlined in the Massachusetts Curriculum Frameworks.

The schools continue to encourage community and parental involvement in school projects and programs. Over 130 school volunteers were involved in the following:

- classrooms
- libraries
- technology labs
- read-aloud programs

- drama club
- · writers' workshop
- senior citizen penpals
- · guest speakers

Through the efforts of the Save Our Schools organization, landscaping (that was not affordable through the building project) became a reality at the Sweetsir School in May 1995.

All of these volunteers were thanked by the staff of the Sweetsir and Donaghue Schools at a special Appreciation Night held in May.

The enrichment programs were made available to our students through the efforts of the PTO Cultural Arts Committee. Some of these programs are highlighted as follows:

Event	Grade Level
Ellen Goethel, Marine Biologist	2-3
Jerry & Nancy Bell, Celtic Minstrels	Pre-2/3-6
David Heshion, Flight & Space	Pre-2/3-6
Buttonwoods, Colonial Games	3-6
David Heshion, Rocket Camp	K-6
Exotics of the Rainforest	3-4
Tsongas History Center, National Park	5-6

Event		Grade Level
Carrot Man		1-2
Food Play, Nutrition		3-6
Zoomobile, Southwick Zoo	1	Pre-1
Curious Creatures		2
Can Do Friends, Phyllis Friedman		Pre
North Shore ARC		K-2
Author/Illustrator Day		3-6
David Heshion Space Camp		1-6

The 1994-1995 school year is another in which quality educational experiences were provided to the young people of Merrimac. The achievements of our staff and students are manifestations of the commitment and collaboration of members of the community, school committee, school staff and parent groups. Ongoing involvement continues to nurture the belief that we can provide for educational opportunity of all our children and assist them to enter the world as responsible, productive and caring citizens.

In closing, the administration would like to acknowledge the many years of dedicated service in our school cafeterias of Mildred Grasso and Joyce Armstrong who retired in June 1995.

At the secondary level, the 1994-1995 school year saw us near completion of our building projects at the middle school and high school. New media centers and upgraded technological capabilities, new science labs and classrooms, and enhanced athletic facilities will better support our curricular and co-curricular programs and address the significant enrollment increases the Pentucket Regional School District has been experiencing over the past several years. The 1994-1995 school year saw some new or enhanced curricular initiatives (new performing arts elective, 7th grade transitional math, DARE program for 8th grade, etc.) and a very successful production of "Bye Bye Birdie" by our middle school.

At the high school there continue to be many indicators that our graduates are leaving Pentucket well prepared for their post-high school endeavors. The New England Association of Schools and Colleges voted Pentucket High School continued accreditation (the highest rating currently given by NEASC) based on the visiting team's evaluation and our two-year follow-up report. Our curricular and co-curricular programs remain strong. Two visiting groups form Germany spent several weeks with our students and exchange students from Israel, Spain, Japan, Argentina, and Germany

attended Pentucket High during the 1994-1995 school year. Working with local veterans' groups, special programs took place in recognition of the 50th anniversary of the ending of World War II. Our marching band participated in the World Fest 95 at the Epcot Center; and our concert band, jazz band and chorus performed at the All-American Music Festival in Orlando, Florida, earning several awards. Pentucket students were also state and regional winners at the Arts Festival at the Wang Center. The Pentucket Parents Alliance again sponsored Senior Celebration and several parent education programs during the 1994-1995 school year: The Class of 1995 was multi-talented and a group of young adults of whom we can all be proud. Their College Board SAT scores and performance on the Massachusetts Educational Assessment Program were well above the state average; and there were two merit semi-finalists and eleven National Merit Commendation Winners.

#### The Merrimac graduates from the Class of 95 were as follows:

Nicole Rose Adams Bonnie Marie Alexander Brett Charles Barnaby Amy Louise Barron Danielle Marie Beaulieu Heather Lee Bowen Kurt R. Calderwood Julieanne Casey Gregory James Colburn Jason H. Craig Stephen H. Daniels Shelley Anne Doughty Tina Driscoll Tara Kav Gilmartin Shannon Elizabeth Goodwin Melissa Anne Graziano Brett Handerson Amelia Harris Jessica Laurel Herman Luke Ian Hovde C. #### ANNUAL REPORT

of the

#### TRUSTEES of MERRIMAC PUBLIC LIBRARY

The Board of Trustees presents to the citizens of Merrimac their one hundred and nineteenth annual report for the year ending December 31, 1995.

The library was dedicated in 1930, fashioned in the Tudor style, from the generous donation of Thomas H. Hoyt. The stained glass windows are the work of Charles J. Connick whose work is world renowned.

Expansion of the Library's physical facilities continue to be a priority.

To illustrate our needs, please consider the following:

- Patronage has increased by 11.3% to 3196 in 1995 from 1994.
- Overwhelming participation in the childrens'story hour required adding an additional program to prevent overcrowding.
- The summer programs must be held outdoors due to the large number in attendance.
- Expanding technology such as the internet, which allows access to 2.3 million items, requires more space for additional work stations.

At this time we wish to thank the taxpayers, town meeting voters, selectmen and finance committee for supporting and funding the feasibility study voted at the 1995 annual town meeting.

The firm of O'Neil-Pennoyer Architects from Sommerville, Mass. was hired to perform a feasibility study of expansion alternatives. This process is on going as the location for a new library has yet to be secured.

Several individuals made donations during the year. The Merrimac Lions Club added another (6) videos to the collections which provide voice-over descriptions of movie action. JAN-CO publishing of West Newbury donated \$100 for the purchase of books on tape. Finally, the Merrimac Arts Lottery Council provided a grant which allowed for the purchase of a pass to the Museum of Science, (always in demand). In addition, this grant paid for the little red wagon and puppet shows in our summer program.

We also recognize the contributions of Linda Claeys, who served for many years and retired from the board last year. We also welcome Linda Seymour, who was recently elected. Furthermore, we wish to thank the volunteer members of our Space Needs Advisory Committee, Joe Carter, Robert Harrington, Joanna Waterhouse, Herbert Gynan, Mark Malonson and Jack Cryan. Finally, a special thanks to our friends of the library for all they have done to enhance library services.

Respectfully Submitted,

Ricky J. Pinciaro Chairman

# Annual Report of the Merrimac Council on Aging

The Merrimac COA continues to be a leader in providing services within the town for elders and non-elders. Through the work of Director Laura Dillingham-Mailman, volunteers, state and federal supported services and programs, the Merrimac COA links more than 800 local senior citizens to a network of medical, legal, and home care services while still providing the educational, cultural and recreational activities needed to serve the whole needs of the town's elderly population.

Addressing the often critical and emergency needs of isolated or house-bound elders, the Council and its staff coordinate meals, provides health clinics, legal aid, tax assistance, help with Medicare forms, understanding changes in state law, fuel assistance, food stamps, supplemental security income forms, elderly housing placement and outreach visits to elders, often serving as a family would for elderly clients.

The COA provides the site and volunteers for surplus food commodities distribution and for the Self-help Resource Exchange (SHARE), a national program that enables anyone regardless of age or income, to exchange volunteer hours for groceries.

One of the biggest challenges for Merrimac COA is finding transportation for seniors to doctor appointments, hospitals, shopping, etc. Funded through a 1994 grant from Massachusetts Councils on Aging and the Attorney General's Office, a Ford Aerostar van is shared with Groveland Council on Aging. Merrimac and Groveland hired a driver this year who works 20 hours per week, driving elders to meals sites, shopping, medical appointments, and to classes offered at the Senior Centers.

In addition to the wide-range of activities and client advocacy work for frail elders, the council provides both volunteer drivers and financial support to Northern Essex Elder Transport, Inc. Often the only transportation available, the van and NEET provides rides to essential appointments and shopping for Merrimac senior citizens.

Merrimac COA has been able to receive other grants and services to enhance the programs offered at the Senior Center. Merrimac COA has one Senior Aide, provided by Elder Services of Merrimack Valley, who performs clerical and outreach work, including daily reassurance calls. A Title III grant provided the Senior Center with a fitness instructor for this past year. Led by fitness instructor Pamela Jones, the class continues to be extremely successful. The class is intended to include all levels of ability, but primarily for low stress-low impact exercise. Merrimac COA was also awarded a Massachusetts Cultural Grant, administered by the Merrimac Cultural Council, to sponsor a musical concert during last year's Old Home Days annual summer celebration.

Fundraising efforts by the Friends of the Council on Aging and donations, purchased a dishwasher for the Senior Center, provided equipment, office and kitchen supplies and expense money for the center's programs and activities not covered by the local budget.

The Council continued to expand its sense of community again this year with participation in the town's Old Home Day summer celebration, Older American's Day and Elder Services Walk for Elders. Intergenerational activities included an on-going pen pal program that linked seniors with a third grade student at the Helen R. Donaghue School. The Donaghue School Chorus presented a holiday concert at the school for the senior community in the newly renovated Donaghue School. The Pentucket Regional High School Senior Class invited local seniors to a dinner dance at the Pentucket Regional High School. The Commonworks High School, the high school program, provided a well attended free St. Patrick's Day luncheon at the school's West Main Street Harbor School/United Homes campus.

The Merrimac Council on Aging would like to thank the town and all who have supported our efforts, especially our volunteers and the Friends of the Council on Aging.

#### Members of the Council on Aging

Herbert Gynan, Chairman Mary Cheney, Secretary Terri Walden Roy Minihan Irene Kimbrell Ellie Adams Elizabeth Pittman, Vice-Chairman

Sophie Wozniak, Vice Chairman Margaret Gynan, Treasurer

# Annual Report of the Merrimac Recycling Committee

Merrimac's recycling program continues to witness significant growth. In 1995, 301 tons of materials were diverted from the landfill for recycling, up from 186 tons in 1994. As seen in the table, Merrimac has nearly tripled the volume of materials headed for the landfill since 1993.

In calendar year 1995, the recycling program brought in \$20,693 in revenues to the town. If this rate of revenue generation continues in 1996, and the recycling program receives its requested budget (\$27,856), the net cost of recycling will be about \$1.35 per resident. From a financial perspective, however, Merrimac does not experience the full benefits of its recycling program because we still operate our own landfill. If Merrimac was paying a market rate for trash disposal (for example, \$65-85), Merrimac would have saved over \$20,000 in disposal fees in 1995 alone. Given this scenario, the recycling program would result in a net revenue of over \$2 per resident per year, clearly making recycling a great investment!

Newspaper and paperboard continue to top the list of recyclable at over 70 percent (by weight) of the total materials collected. In 1995, we added a second container for the collection of newspaper to accommodate the over 200 tons of paper products collected. The table below provides a breakdown of materials collected for recycling in 1995.

In 1995, the recycling program hired a part-time recycling supervisor (5-6 hours/week) to assist in the day-to-day oversight of the recycling program, supervise the monitors, work with material vendors, and manage the program's finances. This position has greatly assisted the committee in meeting the daily demands of the program, which is open to the public 21 hours/week and requires daily administrative attention.

In 1996, the recycling committee will continue to improve the services provided to the town. One of our goals is to merge the recycling operation with the waste transfer station, due to open when the landfill closes. Such a merger will increase the convenience of recycling for town residents. Other plans for 1996 include purchasing a second container for plastics, adding scrap metal to the items collected weekly, and installing signs to assist residents in proper sorting and preparation of materials.

We thank the residents of Merrimac for their continued support and participation in the recycling program. We also appreciate your patience as we grapple with an ever increasing volume of materials and limited resources.

Material:	1992	1993	1994	1995

# Annual Report of the Whittier Regional Vocational Technical High School

Whittier Regional Vocational Technical High School is entering its twenty third year. To date, we have graduated 5,537 students from a regular day school.

- The enrollment for the Evening School from our community: 50
- The October 1, 1994 Day School Enrollment:

	Boys	Girls
Grade 9:	10	8
Grade 10:	10	4
Grade 11:	6	3
Grade 12:	7	6

• Total: 54

• 1995 Graduates: 11

• The cost to your community for the school year 1994-1995 was \$249,525.00.

Respectfully yours,

Paul M. Tucker, Merrimac Representative

Karen Sarkisian, Superintendent/Director

## Annual Report of the Merrimac Water Department

The Board of Commissioners and Manger for the Merrimac Water Department present their annual report for the calendar year 1995.

During 1995 there were a total of 38 connections added to the town water system bringing the number of total water connections to 1,530.

#### Privilege Fee

\$82,650 was collected during 1995 for connections to the water system and deposited to Privilege Fee, a special fund established to allow appropriations for the purpose of operating, maintaining and improving the water system.

#### **Surplus Funds**

It was voted at town meeting in 1995 to allow MWD to utilize its surplus funds from fy94 in the amount of \$52,000 to install 2 deep wells at E. Main Wellfield. The addition of the 60ft. wells will provide additional production capacity when needed, reduce the chemical cost for treatment due to the improved water quality we will derive from the wells, and provide additional depth of available water to meet system demand when the water table drops in the wellfield. The construction documents were completed for the bid process by December 1995, with the work anticipated to begin by mid '96.

#### **Bylaw**

A conservation bylaw was accepted at town meeting allowing the Water Department to enforce water bans when necessary.

#### **Cross Connection**

During 1995 cross connection surveys were completed. Letters of violation were sent to 43 customers, the majority of whom have responded by installing protective backflow devices.

#### **Improvements**

Efforts continued throughout the year to maintain and improve water quality and service. Three wells were redeveloped and cleaned at Sargent Wellfield, providing a higher yield capacity. Work began on the development of a Zone 2 for Sargent Wellfield, which will help to determine potential groundwater contamination risk. Monitoring wells were installed upstream of Sargent Wellfield in an effort to take an active role in the monitoring of water quality due to operations occurring upstream of the wellfield.

Respectfully submitted, Linda Soucy Manager for the Board of Water Commissioners

## Annual Report of the Merrimac Light Department

Merrimac Light Department efforts to contain costs and keep rates stable have again been a great success this year. Department personnel have worked diligently to keep the purchase price of electricity in check and lower operating costs as well.

Department heads were able to negotiate an agreement with New England Power Company during the year which provided the assurance of rate stability through 1996. Another major asset to the settlement was the installation of an automatic switch by New England Power. The installation of this switch which was completed in December 1995 will provide Merrimac with more reliable service by reducing outage time when problems occur out of town.

In March 1995 the Light Department experienced a major substation failure resulting in the loss of equipment. This was the first time that the Department had experienced a situation of this magnitude. However, with the expertise of the entire linecrew and outside crews for Mass Electric, along with mutual aid support of Danvers Light Department, MLD was able to coordinate the efforts of all to do their utmost to continue providing service to all with as little inconvenience to our customers as was possible. Our goal proved to be successful.

#### In lieu of Tax Payment

MLD contributed \$10,000.00 to the town as an in lieu of tax payment, as well as providing street lighting with energy charges totaling \$12,777.03 at no cost to the town.

#### Pole Replacement

34 poles were placed throughout the service area for system upgrades and routine maintenance.

#### **Service Installation**

55 new services were added to the system, bringing the total number of meters at year end to 2,351. Throughout the year some 83 meters were put into service while retiring 28.

#### **Customer Calls**

MLD answered 183 customer calls for emergency and routine assistance.

#### **Energy Audits**

Net Income:

During 1995, 55 customers took advantage of free residential energy audits offered by the Merrimac Light Department and performed by Mass Save.

Respectfully submitted, Linda Soucy Manager for the Board of Light Commissioners

## **Annual Report of the Board of Sewer Commissioners**

The following is the report of the Board of Sewer Commissioners for the calendar year 1995.

The Merrimac Wastewater Treatment Facility is an extended aeration oxidation ditch process designed to treat 450,000 gallons of raw sewage and 1,000 gallons of septage per day.

In 1995, 125,796,000 gallons of raw sewage and 22,000 gallons of septage were treated. The average daily flow treated was 341,908 gallons of raw sewage and 60 gallons of septage. The facility ended 1995 operating at 76% of capacity.

The waste treatment process generated 418 cubic yards of wet sludge that were recycled for agricultural reuse as approved by the Mass. DEP and N.H. DES.

The treatment plant was upgraded by Mass. DEP from a Grade 4 to a Grade 5 due to the increase in flow and sludge.

## **Annual Report of the Board of Assessors**

The Board of Assessors respectfully submits the following report for Fiscal Year 1996 (July 1, 1995-June 30, 1996).

This was a rather unique year. We now have our compter system up on line, with a terminal available for use by the public. By the end of the fiscal year we should be tied in with the Essex South District Registry of Deeds in Salem, MA. which will allow us access to the Grantor, Grantee information.

As everyone knows, due to circumstances beyond the control of the Assessors, we were unable to set the tax rate in time to send out actual third quarter tax bills. Therefore, we asked for volunteer payments so as to keep the town running without borrowing. The response was wonderful and on behalf of all the departments we would like to thank all those who responded.

The tax rate of \$16.72 was approved on February 21, 1996. This represents an increase of \$1.64. Prior to the tax rate being set, there was discussion of calling a "Special Town Meeting" to use Certified Free Cash for Fiscal 1997 (\$308,388) to reduce the Fiscal 1996 tax rate. The Board of Assessors felt this was not the way to do business and would be setting a bad precedent. We would like to remind everyone that "Free Cash" certified for Fiscal Year 1996 was \$490,000+/- and none of that was used to reduce the tax rate. At a planned Special Town Meeting on December 4, 1994 the Town took \$200,000 to reduce the Fiscal 1995 tax rate and spent the rest in the spring to pay for Special Articles, leaving none to reduce the tax rate. The Town cannot continue to do business in this manner and hope to maintain good Bond Ratings.

If you have any questions, please call the Assessor's office and someone will get back to you.

Respectfully Submitted, The Board of Assessors

Martha A. Schena, MAA, Chairwoman Edward R. Davis, MAA George W. Mutti, MAA

## Annual Report of the Merrimac Planning Board

The Merrimac Planning Board held 20 meetings during the past year and 6 General Meetings of the Open Space Sub-Committees.

A Hearing was held on proposed change in the Sub-Division Rules. These changes were passed at the Annual Town Meeting.

A Hearing was held on the former Orchard View subdivision, now the Colonial Drive.

Birch Meadow sub-division, under Hale Development has completed Phase One and started on Phase Two.

Meetings have been held on West Parish sub-division with Brian Boyle, the new owner and his Staff.

Arthur Evans, Chairman
Joseph Carter, Vice Chairman & Rep to MVPC
W. Earl Baumgardner, Clerk
Richard Gosselin
Arthur O'Keefe

# Annual Report of the Merrimac Playground Commission

The Playground Commission enjoyed a productive and successful year. The most significant accomplishment of the year was completing the excavation and site work at Carriagetown Park on Emery Street. We would like to take this occasion to thank the citizens and taxpayers of Merrimac for the significant support of this project. This project could not have been completed without your support. Our special thanks goes out to the many individuals who gave of their time and resources to make this dream a reality. This spirit of community helps to make Merrimac the wonderful place that it is. This area will provide recreational opportunities for all of the citizens of the town.

We are also happy to report that a number of other facilities were renovated and open to the public in the past year. At our Locust Street location the tennis courts were reopened, horseshoe and boccie playing areas were established and a volleyball court is under construction. The most significant renovation of our facilities occurred at Indian Head Park. The Commission was able to begin a revitalization of the beach area. It is our intention to continue to maintain and upgrade this wonderful town resource with your continued support. On the Locust Street fields we were able to complete several important maintenance projects. We appreciate the dedication and hard work of our maintenance staff. We would also like to acknowledge the invaluable help of the Highway Department, their assistance is important in providing recreation services to the town.

The Commission was able to run a very successful summer Supervised Play program for six weeks during the summer. Over 180 children registered for this program and were engaged in a variety of recreational, athletic and arts and crafts activities. We thank our summer staff for a job well done! We were very excited to be able to house the program rain or shine. We thank the School Committee, Ms. Autiello and the staff at the school for their support and assistance.

The Merrimac Athletic Association and Merrimac Soccer Club serviced over 500 children in the town. As always, these programs depend on hundreds of hours given by volunteers to organize, coach and support these important activities.

## Annual Report of the Office of Treasurer

To the Board of Selectmen and the Citizens of Merrimac:

The Fiscal Year that ended June 30th, and the 1995 Calendar Year were quite eventful and very illuminating for your new Treasurer.

Eventful in that we finally issued \$1,105,000.00 in bonds that had been approved by Town Meetings in 1988 and 1993, for reconstruction work at the Donaghue and Sweetsir Schools and the purchases of a fire truck and highway truck, in mid August.

Illuminating in that I quickly learned, that although there is only one Treasurer, the success of the office depends on the help and cooperation of all the folks in the various departments and committees in town. The assistance of the Selectmen's, Assessors' and Tax Collector's Offices as well as the Regional School Administration, enabled me to pull together the many and varied pieces of information necessary to produce the Official Statement for the bonding. Jeff Hoyt, Chairman of Board of Selectmen, Geof Milstein, Chair of the Finance Committee and Dave Hitchcock, the Town Accountant participated in conference calls with BayBank and Moody's to ensure "my" first bond sale went off without a hitch. A special note of thanks to Gerry Wallace who took the time to walk me through the exercise until I became comfortable with it. As hard as we tried the best we could do was to continue our Baal rating, with the hope of an A rating on our next issue.

The time required for the bonding, learning the ropes and putting a stick in the ground, from which to begin reconciling revenues and disbursements took a great deal of time. I was fortunate to be able to call on the folks at the Department of Revenue and the town's current audit firm Jones, Camp & Associates for assistance. The delay in reconciling the June 30, 1995 Treasurer's Cash with the Town Accountant put off the certification of the towns 1995 "free cash" by the Department of Revenue until February, 1996.

In closing, let me take just a moment to thank Dave Hitchcock, the Town Accountant, for his help, encouragement and professional knowledge that keeps me and the town of the straight and narrow, and Tom Abisalih, whose "MacExpertise" saved my life, and the Treasurer's records more than once.

Respectfully submitted, Roger Morphett, Treasurer

# **Annual Report of the Office of Town Clerk**

To the Honorable Board of Selectmen,

#### Gentlemen,

As Town Clerk of the Town of Merrimac, I hereby submit my annual report for the year 1995.

## Annual Report of the Merrimac Tree Warden

To the Merrimac Board of Selectmen and the Townspeople of Merrimac,

The Merrimac Tree Warden has had a good year. I anticipate bringing back the old policy of "remove a tree plant a new tree". The Tree Warden would like to express thanks to the Merrimac Highway Department, especially Superintendent Gordon Rines.

Respectfully Submitted, N. Wayne Armstrong Merrimac Tree Warden

## **Actions Taken at Special Town Meeting**

Held on May 1, 1995 at the Frederick N. Sweetsir School

ARTICLE 1. To see if the Town will vote to approve the additional amount of borrowing authorized by the Pentucket Regional School District School Committee in the sum of ONE MILLION TWO HUNDRED THIRTY-FIVE THOUSAND DOLLARS (\$1,235,000.00) for the school addition and renovation project consisting of the construction, reconstruction, adding to, equipping, remodeling or making extraordinary repairs to the regional high school and the regional junior high school, that this appropriation be raised by incurring debt by the issuance of bonds or notes provided that the rules for incurring debt under the regional agreement are adhered to; or take any other action relative thereto.

Passed \$1,235,000.00

ARTICLE 2. To see if the Town will vote to transfer a sum of money in the amount of thirty four thousand dollars (\$34,000.00) form Free Cash to Group Health Insurance; or take any other action relative thereto.

Passed \$34,000.00

ARTICLE 3. To see if the Town will vote to transfer a sum of money in the amount of five thousand six hundred dollars (\$5,600.00) from Free Cash to F.I.C.A. Town's Share; or take any other action relative thereto.

Passed \$5,600.00

ARTICLE 4. To see if the Town will vote to transfer a sum of money in the amount of five hundred dollars (\$500.00) from Patrolmen's Wages Account to Overtime Account; or take any other action relative thereto.

Passed \$500.00

ARTICLE 5. To see if the Town will vote to raise and appropriate or transfer a sum of money in the amount of fourteen thousand four hundred and seventy dollars (\$14,470.00) form available funds to pay retroactive increases in the following areas: Selectmen's Clerk, Accountant, Treasurer, Town Counsel, Bd. of Registrars, Election Officers, Police Chief, Patrolmen's Wages, Patrolmen Night Premium, Paid Holidays, Overtime, Specials, Fire Department Wages, Gas Inspector, Wiring Inspector, Building Inspector, Plumbing Inspector, Tree Warden, Animal Control Officer, Parking Clerk, Food Service Inspector, Town Nurse, Library Wages, Animal Inspector, Sewer Salaries, Sewer Overtime, Sewer Clerk, Highway Supt., Highway Wages, Highway Overtime, COA Director, COA Clerk, Water Department Man-

ager, Water Department Clerk, Water Department Wages, Water Department Overtime, Cemetery Wages, Cemetery Clerk; or take any other action relative thereto.

Passed \$16,980.00

ARTICLE 6. To see if the Town will vote to transfer from available funds a sum of money in the amount of ten thousand dollars (\$10,000.00) for necessary repairs to the exterior of the Merrimac Town Hall; or take any other action relative thereto.

Passed \$10,000.00

ARTICLE 7. To see if the Town will vote to authorize receipts for Front End Process Residue (FEPR) to be reserved for appropriation for the cost relative to closure of the sanitary landfill; or take any other action relative thereto.

Passed

ARTICLE 8. To see if the Town will vote to transfer from the Special Account for FEPR a sum of money to pay for costs relative to closure of the sanitary landfill; or take any other action relative thereto.

Passed \$100,000.00

ARTICLE 9. To see if the Town will vote to transfer from Free Cash a sum of money to the Stabilization Fund; or take any other action relative thereto.

\*Passed \$100,000.00

Give under our hands this 12th day of April, 1995.

Walter W. Steeves, Chairman Jeffrey W. Hoyt Sandra H. Venner

### **Actions Taken at Annual Town Meeting**
